

PDFForge rich text test

This line is centered and wraps onto multiple lines so we can see wrapping still works with non-breaking space characters.

Bold and *italic*, underlined and ~~struck~~ text with colored and extra 16pt font size words.

Right aligned line here.

Justified paragraph. The quick brown fox jumps over the lazy dog. Pack my box with five dozen liquor jugs. How vexingly quick daft zebras jump.

Things to do

1. First numbered item.
 2. Second numbered item with a fairly long description that wraps onto another line to test hanging alignment.
- A bullet point.
 - Another bullet point.

A quoted paragraph that should be indented from the margins on both sides to look like a citation block.

Final paragraph before a Word page break.

Page Break

This paragraph starts on a fresh page after a Word page break.
